General:

- DevForums tag: [App Sandbox](#)
- [App Sandbox](#) documentation
- *App Sandbox Design Guide* documentation — This is no longer available from Apple. There’s still some info in there that isn’t covered by the current docs but, with the latest updates, it’s pretty minimal (r. 110052019). Still, if you’re curious, you can consult an old copy [1].
- [App Sandbox Temporary Exception Entitlements](#) archived documentation — To better understand the role of temporary exception entitlements, see [this post](#).
- [Embedding a Command-Line Tool in a Sandboxed App](#) documentation
- [Discovering and diagnosing App Sandbox violations](#) (replaces the [Viewing Sandbox Violation Reports](#) DevForums post)
- [Resolving App Sandbox Inheritance Problems](#) DevForums post

Share and Enjoy
